Gladiolus Price List

FALL 1937

This List Supersedes All Previous Lists

Do not use an old list. There are many changes in this one.
Please read pages 2 and 3 before making out order.

Champlain View Gardens

ELMER E. GOVE

BURLINGTON, VT.

PLEASE READ CAREFULLY

Do not change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

EXTRAS ON CASH ORDERS. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not Apply to Collections, Special Offers or Wholesale prices or New Introductions. See next page.**

TO MAKE OUT YOUR ORDER put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

On all orders of \$15.00 or more I will put in a bulb of one of the premium bulbs listed below, **Palmer Seedling No. 30112 or Palmer Seedling No. 30114.**

On orders of \$30.00 or more I will put in a free bulb of **Sari** listed below.

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, except collections, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one.

Packages of bulblets run from twenty-five to fifty or more. We give very good value.

You can have 3 bulbs at the 10 rate; 25 at the 100 rate. But no single items for less than 10 cents.

Please do not send us orders of under \$1.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them.

I GUARANTEE SATISFACTION, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

SPECIAL QUOTATIONS. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another.

REMEMBER in buying bulbs price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want bulbs sent by mail it is better to let us send them **C.O.D. for the postage**, then we know the postage is correct and I will give you more than enough bulbs to make it up. People who send stamps or cash for the postage seldom send enough.

ON FAIR SIZED ORDERS, EXPRESS is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

EXTRAS. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

Please give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale tho I usually put in something new to try anyway.

Premium Bulbs Free

SARI. PALMER SEEDLING No. 30151. Clear rhodamine purple. A very beautiful color. Very early. 5-6 open. Medium size. A good one. A bulb of **Sari** given with an order of \$30.00 or more.

30114. PALMER SEEDLING. A very early brilliant red with white line on lip. Large size. 5-6 open. The best early red I know of.

30112. PALMER SEEDLING. A sister seedling of the above. A beautiful bright red opening 6-8 fine well placed blooms at a time. A fine variety

With a **\$15.00 order** I will give a bulb of either one of the above seedlings and this fall the one that has the most good reports on it **will be named**. Perhaps both will be named as they both are certainly worthy of names. **If anyone who receives one of the bulbs suggests a name that is finally given it, I will give that person five bulbs of the variety.**

HELENA. If you prefer a bulb of **Helena** to any of the above varieties as extras I will put it in. I consider **Helena** one of the very finest varieties.

When corresponding about a previous order, please give order number. It saves us a lot of time.

EARLY ORDERING IS URGED. Some items listed in this fall list will be sold out before my catalog comes out. Every year people postpone their orders until some of the things they want are gone. From inquiries that are coming in it looks as if business this year would be the best ever.

New Introductions of 1938

ALADDIN (PALMER). Huge waved grenadine pink with light cream blotch. 8-10 open. A wonderful variety.

AMULET (PALMER). Very heavily ruffled capacine orange. Won medal at New York for best seedling in show.

CARILLON (PALMER). Tall, clear LaFrance pink with creamy blotch. Very fine color and good doer.

KING LEAR (PALMER). Heavily ruffled deep rhodamine purple. Very beautiful.

LUTEX (SUTTLE). The first large flowered exhibition yellow. Fine color and opening 10 at a time.

TIMBUCTOO (ZIMMER). Beautiful deep red opening 8 well placed blooms at a time.

There may be two or three more that at the present writing I am corresponding about. These are all fine varieties.

THE PALMER STRAIN.

I believe there is no question whatever but at the present time Mr. Palmer is putting out more very fine varieties than any other hybridizer in the world. I am very proud of his originations that I have introduced in the last couple of years and that I am introducing this year. And there are plenty of fine ones for several years yet. I believe there is no better bright red glad on the market than **Regent**. This is a real comer. **Beacon** is bound to become a very popular commercial and **Vagabond Prince** though not a so-called commercial color is going to be one of the most popular varieties in existence. Have sold a large quantity of stock in Europe. Everyone who sees it loves it. **Rosex** is coming along in larger quantity now so the price is down a good deal. **Golden Cup** is one of the very best yellows. **Premier Henry** though not quite so tall as we would like is a magnificent glad. **Amrita, Barcarole** and **Camellia** introduced last year are as fine as anyone could wish for. Have had a number of reports from people who said that **Sandra** was the most beautiful glad in the world. **Helena** I believe will become a very popular commercial when stock is available. A grower can do no better than to hitch up with the **Palmer** varieties and take them all as they come along. Though no hybridizer can put out 100% world beaters the percentage of just average good ones in the **Palmer** strain is very low.

Other top-notch varieties of last year's introduction are **Shirley Temple**, which is in a class by itself. **Rewi Fallu**, which is the most massive and most impressive dark red gladiolus in existence. **Rosamond**, a rose scarlet. Will make a great commercial. **Bit O'Heaven** seems to be the best orange in its class. Will make a fine commercial.

Other varieties that are coming along in fine shape are **Alayne** which has a shade of rose unlike any other. **Golden Goddess** the best exhibition yellow, **King Arthur** in a class by itself among lavenders, **Lucifer** the best exhibition orange with blotch. And there are many others that my catalog, which will be published in January, will tell all about.

In whites **Star of Bethlehem** is probably the best large size exhibition white. **Maid of Orleans** is generally considered the best all around commercial white and **Mary Elizabeth** which is the most beautiful ruffled white is down in price this year to where it can be used as a cut flower. It is later than the other varieties and is a beautiful and very satisfactory variety either for exhibition or any other purpose.

"Just a few lines to tell you how thoroughly satisfied I have been with the bulbs ordered from you this spring. As this was my first experience at raising exhibition glads I was very pleased with my success and often surprised at the size of bloom from the smaller sized bulbs I secured from you.

"Your excellent quality of bulbs and valuable information on raising glads has made me a Gove customer for years to come."

"I was fortunate enough to win the Amateur Championship Class for 24 varieties representative of L.F. small decoratives Prim Grands and Prims and amongst my 24 were the following grown from corms obtained from you: Premier Henry, Bleeding Heart, Coquette, Coronation, Camelot and Roi Albert.

Re the gratis corms you sent me Nadia and Simcoe both are good. I am particularly in love with the former and when the price is lower want to stock it.

"I saw Evensong and shall want some."

"I am very satisfied with your corms."

—R. H. HALL, England.

"Nadia was truly beautiful and your description hardly does it justice. It opened eleven beautiful blooms perfectly placed and spaced. The spike was surely something to talk about.

"Smiling Maestro is a glad that does wonderfully well for me. I had one at our Annual Banquet with eight open on a perfect spike. I think this is one of the best glads grown."

"I am very much pleased with the gladiolus as received from you. In the collection as bought, many of them were very beautiful, but of course I did not know their names. As to the ones bought separately Picardy was the most beautiful and it is wonderful in every way."

Special Collections and Sets

ALL COLLECTIONS PREPAID. ALL ARE LABELED EXCEPT THE FIRST FOUR.

No. 1. UNLABELED COLLECTION. 100 assorted large bulbs (1 inch up) in at least 40 varieties in about every shade in gladiolus. I have sold this collection for years and have thousands of very well pleased customers. **I positively guarantee there is not a better collection sold by any grower in the country for anywhere near the price.** I get many repeat orders every year from well pleased customers. 100 for \$3.00; 50 for \$1.75; 25 for \$1.00 all prepaid. With each 100 bulbs of this collection I will put in free 2 large Vagabond Prince bulbs worth \$1.30. This is a very unusual and beautiful variety. Or if you prefer will put in a \$1.50 bulb of my choosing. Also 5 large Picardy bulbs.

No. 1a. SAME COLLECTION IN MEDIUM SIZE BULBS. 100 bulbs for \$2.00; 50 for \$1.25. With 100 bulbs will give 5 medium Picardy Free and 1 large Vagabond Prince.

No. 2. UNLABELED COLLECTION. 100 assorted as above containing 45 varieties and including many of the newer and higher priced ones. A wonderful collection at a moderate price. 100 for \$5.00; 25 and 50 at the same rate.

No. 3. UNLABELED COLLECTION DE LUXE. 50 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. Nothing better to be had in an unlabeled collection. 100 for \$10.00; 25 and 50 at the same rate.

NONE OF THE ABOVE COLLECTIONS ARE LABELED AS TO VARIETIES. Don't ask us to give you the names of the varieties in the collections as we politely do not do it at these prices. If you want them labeled buy them under name. I guarantee the collections to be the best you can buy for the price.

No. 4. BETTER TIMES COLLECTION. Large bulbs \$3.00. All labeled. A very fine collection for a beginner or anyone else. Splendid varieties in many types and colors ranging from white thru many shades of pink, red, orange, yellow, salmon, smoke, blue and lavender. You can't get started in good named varieties in a less expensive way than in getting this collection or one of the next five.

"I wish to tell you what remarkable success I have had with your bulbs. I have found glads to be one of the very few plants that will grow to perfection in this climate. From your \$1.00 collection, sent for twice, I have had some of the most beautiful flowers. People living here discouraged me when I first came and commenced gardening activities. Now the scoffers come to gaze in admiration at the exquisite colors and size of the flowers."

No. 35. WHITE. 5 each medium **Dr. Durr**, **Helen Wills**, **Mammoth White**, **Maid of Orleans** for 60 cents.

"We were not disappointed in Alayne as we saw this in Mr. Downey's garden at Long Branch and were quite taken with the beauty of it. Our attitude regarding gladiolus is that there are several classes all having their place, and Alayne we put in the class as something to use as a beautiful cut flower, for table decoration, etc."

—C. H. EPPS, Canada.

No. 36. **BLOTCHED.** 5 each medium Bleeding Heart, Edith Robson, Mrs. F. E. Bennett, Margaret Peter, Nyora for 60 cents.

No. 37. **SMOKY AND ODD SHADES.** 5 each medium Bagdad, Golden Brown, Evensong, Mother Machree, October for 60 cents.

No. 38. **CREAM AND BUFF.** 5 each medium Blushes of Cream, Duna, Lotus, Wasaga, Yvonne for 60 cents.

No. 39. **EARLY VARIETIES.** 5 each medium Al Smith, Excellence, Early Dawn, Margaret Peter, Miss Bloomington for 55 cents.

No. 40. **EXHIBITION VARIETIES.** 5 each large Picardy, Bagdad, Edith Robson, Bleeding Heart, F. J. McCoy, Pinnacle for \$1.30.

No. 41. **EXHIBITION VARIETIES.** Same as above except medium size for 80 cents.

50 Cent Specials

To get good blooms it is not necessary to plant large bulbs. You can produce very acceptable flowers from small bulbs and often medium size ones will give you very nearly as good bloom as the largest bulbs. By planting all sizes of the same variety at the same time you will have bloom from that variety over a long period as the small bulbs do not bloom so early. Many people like to do this so they can have the blooms of their favorite varieties over a long period.

I am offering these 50 cent specials consisting of very good value in various size bulbs in the list below.

If you want some bulblets in place of part of the bulbs just mention it, otherwise I will put in all bulbs in different sizes.

There are not the same number of bulbs in each variety because some are a little higher priced than others but you will get big value in all of them.

Remember each 50 cent special is only one variety. In past years some customers have thought they were going to get an assortment of all the varieties for 50 cents.

Any five lots for \$2.25. Any ten lots for \$4.00 or any 15 for \$5.75. In addition to this I will put in a bulb or two of something good for you to try out.

Euphorbia Corolata (FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on most any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

In the northern states I would suggest Euphorbia be planted early in the spring. In the south or where it does not freeze hard, fall planting would be perfectly all right.

Though Euphorbia is easy to handle, and there should be no reason for it not doing well, I have had some complaints about the roots not growing. I don't know why this is because if they are planted at once and given a good watering they should all grow. I have had no trouble with them myself. But in as much as I have had some complaints I no longer guarantee the roots. I do give good strong healthy roots and if given half a chance they should grow but if they do not grow I shall not be responsible.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. **We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment.**

100 roots \$6.00 f.o.b. with 50 at the 100 rate.

HOW TO CARE FOR BULBS IN THE FALL

Dig them a month or more after they are through blooming. If the foliage stays green and healthy it will do no harm to leave them till hard freezing weather. When you dig them cut the tops off immediately and place the bulbs in shallow trays in a cool airy place. 2-5 weeks after digging they should be dried and cured enough to take off the old bulbs and bulblets.

After thoroughly drying them it is well to do something to kill any possible thrip that might be on the bulbs. Many people scatter naphthalene flakes over them. If you have only a few hundred bulbs I can send you a package of nearly two pounds for 50 cents prepaid. This will take care of up to two or three thousand bulbs. When you use this keep them in a fairly warm place, scatter on the naphthalene, about 1 oz. to 100 bulbs, and cover them with a paper or cloth to confine the fumes. After about a month shake off the naphthalene, which can be saved for another year, and then store the bulbs away in a cool place for the winter.

Many people now are using Rototox in which they soak the bulbs for a day or two. This will kill all thrip and eggs. This is also said to check disease. It is not poisonous to people and so is safer to use than bichloride, and it does not require a glass, earthen or wooden container to dip them in. For further information about this write Rototox, 813 Yale St., East Williston, N. Y.

Some people where they haven't too many bulbs soak them in Bichloride of Mercury in the fall after the bulbs are thoroughly cured. I think this will help to control any disease germs that may be on the bulbs and would kill any thrip besides.

We do not hear near so much about thrip now as we did a few years ago. Most people are either using naphthalene or soaking their bulbs and spraying them and are having fine results.

THRIP. If you are a beginner and don't know what thrip is I will say that it is a very small black insect that sucks the juices from the buds so that they don't open properly. This has caused a lot of trouble around the country but by using well known precautionary measures as above, it can be easily avoided and good glads can be grown.

Pure Vermont Maple Syrup

Griddlecakes or Waffles and Syrup. Um! Um!

If you have never eaten the pure unadulterated Vermont Syrup you don't know what you have missed. The black blended concoctions sold thruout the country as Maple Syrup are not to be compared with the real Vermont Syrup any more than Halley is to be compared with Picardy. Then a lot of Vermont Maple products are not of good quality. I am a connoisseur of good syrup and send out only the best grade such as I would eat myself.

A gallon of syrup or some sugar would make a fine Christmas present. Send me your addresses and Christmas cards and I will take care of your orders for you.

Prices are F.O.B. Burlington. A gallon can be sent as far south as Virginia for 35 cents and to the West Coast for \$1.00. The Express companies make a special rate on Maple products. Parcel Post costs much more. A gallon of syrup weighs 13 lbs. packed for shipment.

Napthalene Flakes

If you have been troubled with thrip on your glads this past season or even if you haven't it is well to treat the bulbs this winter with napthalene flakes. The bulbs should be thoroughly cured and dried out, cleaned up and then kept in a fairly warm place, that is sixty degrees or above for about a month. Scatter on napthalene flakes at the rate of about one ounce to 100 bulbs. Cover the boxes with paper or something else to confine the fumes, then after about a month shake the napthalene off thoroughly and store the bulbs in a cool place. This will insure your bulbs being clean of thrip or eggs.

I can furnish the napthalene flakes for **50 cents for a package of nearly two pounds.** I do not sell less than a full package but whatever you do not use this year can be saved over for next season. Keep in a closed container.

"I have had very good success with the bulbs I received from you. The flowers sold very well and also received several prizes at a flower show in Hightstown."

—LLEWELLYN BHARE, N. J.

"Have had wonderful glads this season. Excellent bloom and no thrip. Was more than pleased with the few bulbs I received from you last March. Special mention is due Picardy again, as is Symphony, Evensong, Netherland Prince, Pinnacle, Coronation and Rapture."

—E. D. SCHLOTFELDT, Colo.

"Just a line to let you know that your Picardy stock has been the highlight of my garden this summer, besides taking first and second prize in the pink class at Rhode Island State Fair this season. I wish to thank you also for your generous count. These bulbs were from No. 5."

—ROY W. BARBER, R. I.

"I've been growing glads for ten years but never have I had so many and such beautiful bloom.

"Palmer's varieties are in a class by themselves and Picardy to me anyway ranks supreme. Also fine were Bagdad, Debonair and Wasaga."

—RICHARD PEARSON, N. Y.
